Read the passage and then choose the correct answer.

The benefits of learning a second language

Learning a new language takes times and dedication. Once you do, being fluent in a second language offers numerous benefits and opportunities. Learning a second language is exciting and beneficial at all ages. It offers practical, intellectual and many aspirational benefits.

As we go about our everyday lives, we rarely give a second thought to our own grammatical structure and vocabulary. However, when learning a new language, many people find they have a greater understanding of their first language. Learning a second language focuses our attention on the grammatical rules constructions of that language. **This experience** gives people a new insight into their own language and ultimately leads to them improving their mother tongue, which will improve their everyday lives.

Learning a new language gives you a greater global understanding of the world we live in. Even when learning a new phrases, never mind a whole language, you will access many fascinating cultures around the world and understand the differences between the two countries.

Learning a new language is an achievement anyone can be proud of and is extremely satisfying. Once the hard and efforts has **paid off**, you will experience many benefits associated with learning a new language and you will have a new found confidence.
